REPORT

OF THE

SCHOOL BOARD OF EFFINGHAM.

The undersigned, having attended to their duties according to the best of their ability, submit the following report :

We have endeavored to arrange the schools to give all scholars equal advantages, by having the same amount of school in each district, amounting to twenty-five weeks.

In the Champion school, on account of sickness, only twenty-one weeks were taught, and this district will be entitled to four weeks more the coming year, besides the Drake fund, the interest of which has not been expended for the year. The school at the Falls is entitled to one week, and that at South Effingham two weeks.

Your committee desire to call the attention of parents to the fact that quite a number of scholars are absent on an average from one to three days each week. It is needless for us to say that absence from school every other day destroys the value of the school to the scholar, and the success of the school. Parents are not doing their duty to their children who allow them to be absent from school *one day* without a very good reason.

CHARLES PARSONS,
FRANCISCO W. BARKER,
C. FRANK ROWE,

School Board of Effingham.
